|---|---|---|

|    | Substancja  | Numer CAS       | Obecność | Stężenie maksymalne [%] |
|----|---|-----------------|----------|-------------------------|
| 1  | Aldehyd amylocynamonowy ( <i>Amyl cinnamal</i> )  | 122-40-7        | —        | —                       |
| 2  | Alkohol benzylowy ( <i>Benzyl alcohol</i> )   | 100-51-6        | —        | —                       |
| 3  | Alkohol cynamonowy ( <i>Cinnamyl alcohol</i> )  | 104-54-1        | —        | —                       |
| 4  | Cytral ( <i>Citral</i> )  | 5392-40-5       | —        | —                       |
| 5  | Eugenol ( <i>Eugenol</i> )  | 97-53-0         | —        | —                       |
| 6  | Hydroksycytronelal ( <i>Hydroxycitronella</i> )   | 107-75-5        | —        | —                       |
| 7  | Izoeugenol ( <i>Isoeugenol</i> )  | 97-54-1         | —        | —                       |
| 8  | Alkohol amylocynamonowy ( <i>Amylcinnamyl alcohol</i> )   | 101-85-9        | —        | —                       |
| 9  | Salicylan benzylu ( <i>Benzyl salicylate</i> )  | 118-58-1        | —        | —                       |
| 10 | Cinnamal ( <i>Cinnamal</i> )  | 104-55-2        | —        | —                       |
| 11 | Kumaryna ( <i>Coumarin</i> )  | 91-64-5         | —        | —                       |
| 12 | Geraniol ( <i>Geraniol</i> )  | 106-24-1        | —        | —                       |
| 13 | Hydroksymetylopentyl-<br>cykloheksenokarboaldehyd<br>( <i>Hydroxymethylpentyl-<br/>cyclohexenecarboxaldehyde</i> )                                  | 31906-04-<br>4  | —        | —                       |
| 14 | Alkohol anizylowy ( <i>anisyl alcohol</i> )   | 105-13-5        | —        | —                       |
| 15 | Cynamonian benzylu ( <i>Benzyl cinnamate</i> )  | 103-41-3        | —        | —                       |
| 16 | Farnezol ( <i>Farnesol</i> )  | 4602-84-0       | —        | —                       |
| 17 | Aldehyd 2-(4-tert-butylbenzylo)<br>propionowy ( <i>2-(4-tert-<br/>Butylbenzyl)propionaldehyde</i> )   | 80-54-6         | —        | —                       |
| 18 | Linalol ( <i>Linalool</i> )   | 78-70-6         | —        | —                       |
| 19 | Benzoensan benzylu ( <i>Benzyl benzoate</i> )   | 120-51-4        | —        | —                       |
| 20 | Cytronelol ( <i>Citronello</i> )  | 106-22-9        | —        | —                       |
| 21 | Aldehyd heksylocynamonowy ( <i>Hexyl cinnamaldehyde</i> )   | 101-86-0        | —        | —                       |
| 22 | Limonen ( <i>Limonene</i> )   | 5989-27-5       | —        | —                       |
| 23 | okt-2-ynonian allilu ( <i>Methyl heptine carbonate</i> )  | 111-12-6        | —        | —                       |
| 24 | 3-metylo-4-(2,6,6-trimetylo-2-cykloheksen-<br>1-ylo)-3-buten-2-on ( <i>3-Methyl-4-(2,6,6-<br/>trimethyl-2-cyclohexen-1-yl)-3-buten-2-<br/>one</i> ) | 127-51-5        | —        | —                       |
| 25 | Ekstrakt mchu dębowego ( <i>Oak moss extract</i> )  | 90028-68-<br>55 | —        | —                       |
